A Description Of Westminster Bridge Westminster Bridge is a road-and-foot-traffic bridge over the River Thames in London, linking Westminster on the west side and Lambeth on the east side. The bridge is painted predominantly green, the same colour as the leather seats in the House of Commons which is on the side of the Palace of Westminster nearest to the bridge, but a natural shade similar to verdigris . Westminster Bridge - Wikipedia The bridge was built of Portland stone. A contemporary manuscript description of it runs: "This magnificent structure is 1,223 feet in length, and above 300 feet longer than London Bridge. The Footway on each side; 7 feet—Horse Road 30 feet wide. There are 13 large and two smaller arches, all semi-circular.
