The Pocketbook Guide to Assessments in Social Work with Adults What happens in the assessment. Someone from the council such as a social worker or occupational therapist will ask you how you're managing everyday tasks like washing, dressing and cooking. They might ask you to describe how well you do certain things like making a cup of tea and getting out of a chair. Getting a social care needs assessment - NHS As a social worker making an assessment, it helps to understand that, "since external problems become internal, and the internal affects the external, looking at just the social aspects will prove inadequate, just as looking at just the psychological aspects is inadequate".(Milner and O'Byrne 1998) We need to look at both, and use various approaches to

complement one another. Definition of assessment -
