financial instruments 7 1 here the law of one price applies ie the price of the structured product must equal the sum of the prices of the individual components the handbook of european. Jul 07, 2020 handbook of structured financial products Posted By Harold Robbins Library handbook of structured financial products Structured products refer to combinations of individual financial instruments, such as bonds, stocks and derivatives. At first glance, most of these composite products are very similar to plain vanilla coupon bonds. Structured products tend to involve periodical interest payments and redemption at maturity. What sets them apart from bonds is that both interest payments and redemption amounts depend in a rather
