Management of Surgical

Emergencies and Trauma ... Acute

surgical emergencies today present frequently in patients with chronic or incurable diseases. This situation is particularly common in the

elderly, who represent the most

rapidly growing segment of the

population in the United States.<sup>6</sup>.

The modern concept of hospice

care has focused increased

attention on end-of-life

issues. Acute Surgical Emergencies

in Patients at or Near the End

... Though appendicitis is the most

common cause of surgical

emergency, the lower incidence of

fever shown in the study is probably

because the author considered

obstetric and gynaecological

indications of emergency surgical intervention in their study excluding non-obstetric indications. Surgical emergencies in pregnancy in the era of modern ... BACKGROUND:
