range of learning experiences. Teaching and Learning — Vikaspedia An education founded on these attributes inspires in students a love of learning that leads to success in the classroom, in examinations, and throughout a career. They also create skilful and innovative teachers, with a desire for continuous, professional improvement. Teaching and learning There's a good case to be made that better teaching and learning is best achieved by departments. Some things can only be solved at a whole-school level, such as behaviour; others, like lesson planning, can perhaps best be addressed by individual teachers. But it is the department which influences teaching and learning most (Aubrey-Hopkins
