Contemplations of a Beekeeper ... Division of labor, Page shows, is an inevitable product of group living, because individual bees vary genetically and physiologically in their sensitivities to stimuli and have different probabilities of encountering and responding to them. A fascinating window into self-organizing regulatory networks of honey bees, The Spirit of the Hive applies genomics, evolution, and behavior to elucidate the details of social structure and advance our understanding of complex adaptive systems in nature. The Spirit of the Hive — Robert E. Page, Jr. | Harvard ... How can 40,000 bees working in the dark, by instinct alone, construct a honey comb? Synthesizing decades of experiments, The Spirit of the
